## Additional Information for Determining Household Size and Income

### Step 1 Determining if you are a dependent or independent student

#### Do any of the following apply to you?

- 1) Age 25 or older at the beginning of session
- 2) Married
- 3) Give children or other dependents more than half their support
- 4) Both your parents are deceased, you are a ward of the court or an emancipated minor
- 5) On active duty in U.S. military, or veteran of U.S. military

**If you answered “No” to any of the above, you are Dependent**

**If you answered “Yes” to any of the above, you are Independent**

### Step 2 Determining household size and income

#### Dependent

- 1) Household size is that of the persons of which you are dependent on
- 2) Total yearly income is that of yourself and the person(s) you are dependent on

#### Independent

- 1) Household size is that of yourself and your dependents
- 2) Total yearly income is that of yourself and your spouse if married

**Mohave Community College’s Adult Education Fee is based on earned income or adjusted gross income (AGI) reported on the Federal Income Tax Return for the previous tax year or the current income whichever is less. If the student did not file a tax return, the amounts from all types of income not reported will be used to calculate the applicable fee. At the time of registration, student will be required to attest that the household size and income information provided is true and complete.**
