

Student Activities Council

The Student Activities Council (SAC) is designed to promote college spirit, provide a focal point for discussions between students and the college staff, and to give students a representative voice in college affairs.

Through its work, students are provided an opportunity to participate in the democratic process. Student Activities Council serves as a collective voice for students in student-related issues and concerns. Elected student leaders seek to promote a progressive cultural and social environment. SAC supports other clubs in an attempt to enhance the leadership mission of the college.
