Dear MCC Community:

An e-mail has been sent to the college and purports to come from a college employee. The subject line is "**New 2020 Microsoft**". The e-mail is phishing. The message instructs users to click on a link to "migrate to the new 2020 Microsoft."

There is no "new 2020 Microsoft." You don't need to migrate anything. The IT department never signs messages "Admin Team." The IT department will never ask for a photo ID, pay slips, or mobile phone numbers as this message does.

If you have clicked on the message or link contact the IT department immediately so that we can help resolve the issue.

Thanks for remaining vigilant.

Be safe and be well,

Mark
