Hello MCC Family,

The WECOM issue that caused an outage earlier today has been fixed.

The issues with J1Web portal being sluggish is still being looked in to, IT has determined that the issue lies within the end of the year update that was rolled out last night. Jenzabar has been contacted and is working on a resolution to the issue. IT will inform you with any update as we receive them, thank you all for your patience.

Sincerely,

MCC Mohave
