The hospitals associated with our clinical education programs require background checks and drug screenings on all students rotating through their facilities. Background checks and drug screenings are conducted by PreCheck, Inc., a firm specializing in background checks for healthcare workers. Please Note the Hospital requirements on criminal history are more stringent than those of the Arizona Department of Health and may prevent you from participating in the Mohave Community College EMS training program. Background Check and Drug Screen must be completed within 6 months before the program start date or it will not be accepted.

The National Registry of Emergency Medical Technicians (NREMT) has adopted a Criminal Conviction Policy to safeguard the public from individuals who, in practice as an EMS professional, might pose a danger to the public. The policy can be found at www.nremt.org/rwd/public/document/policy-criminal. You may also contact the **NREMT at 1-614-888-4484**. Individuals interested in obtaining initial Arizona certification as an EMT must be nationally registered. There is also a criminal history component to the Arizona Department of Health Services Bureau of EMS certification application. A criminal history may prevent you from being certified as an EMT Basic with the AZDHS/BEMS. For additional information, you may contact the **Arizona Department of Health Services at 1-800-200-8523**.

INSTRUCTIONS FOR OBTAINING YOUR BACKGROUND CHECK and DRUG SCREENING FOR A CLINICAL EDUCATION PROGRAM

Mohave Community College District-EMS Background Check and Drug Screen

Background checks and drug screening are required on incoming students to ensure the safety of the patients treated by students in the clinical education program. You will be required to order your background check and complete the drug screening in sufficient time for it to be reviewed by the program coordinator or associated hospital prior to starting your clinical rotation. A background check typically takes 3-5 normal business days to complete, and turnaround time of the drug screening results is determined by a variety of factors. The background checks are conducted by PreCheck, Inc., a firm specializing in background checks for healthcare workers. The drug screening service is conducted by E-Screen/Pembroke. All your orders must be placed online through StudentCheck.

Go to www.mystudentcheck.com and select your School and Program from the drop down menus for School and Program. It is important that you select your school worded as **Mohave Community College District-EMS Background Check and Drug Screen**

Complete all required fields as prompted and hit Continue to enter your payment information. The payment can be made securely online with a credit or debit card. You can also pay by money order, but that will delay processing your background check until the money order is received by mail at the PreCheck office. **Texas** residents will pay **\$103.38** and **New Mexico** residents will pay **\$102.42**. Residents in **all other states** will pay **\$95.50**. For your records, you will be provided a receipt and confirmation page of background check and drug screening through PreCheck, Inc.

Drug Screening:

You must pre-register for drug screen collections before heading to a collection lab.

- If you pay by credit card, the link to the instructions for pre-registration will be provided at the confirmation page after you complete your order.
- If you are paying by money order, you will be emailed instructions to obtain your drug screen once payment has been received.

Note on Drug Screen Collection Pre-Registration and Appointments: This process only pre-registers you for a drug screen and does not set up an appointment time with the collection site. Collection sites have different policies on setting up appointments for drug screening. For your convenience, we recommend calling your chosen collection site ahead of time to set up an appointment. It is also your responsibility to pre-register and complete the drug screen at the time frame required by the school. For most students, the Electronic Chain of Custody (ECOC) process will register them to a collection site instantly; however the location of some students may require us to mail a paper Chain of Custody Form to get you to a collection site close to your location. We encourage you to pre-register with enough time to allow mailing time, if needed.

PreCheck will not use your information for any other purposes other than the services ordered. Your credit will not be investigated, and your name will not be given out to any businesses.
