History of the MCC Seal

The MCC seal was adopted in May 1978. The center of the seal is the “Zia,” a Native American symbol for the sun. In the four sections separated by the Zia are: the mountains, a Native American symbol for abundance; crossed picks, symbolizing Mohave County’s rich mining heritage; a saguaro cactus, a Native American symbol for the desert; and a burning oil lamp, the traditional symbol for learning and knowledge.

PHOTOGRAPHY SERVICE

For safety reasons, family and friends will not be allowed on the arena floor to take pictures. However, GradImages, a professional event photography company, will shoot pictures of each participant and proofs will be sent to all graduates who have provided a valid e-mail address through the office of the registrar. For more information, visit the website at www.gradimages.com.

MCC is grateful for the support of the following organizations and individuals in preparing today’s event: Colorado River Union High School District, GradImages, MCC Foundation, Mohave Valley Fire Department, CRUHSD/Anderson Auto Group Fieldhouse and the MCC personnel for coordinating and staffing this event.

“Congratulations 2023 Graduates!”

Message from Dr. Stacy Klippenstein MCC President

I am so proud of each and every graduate and thank you all for joining us today. Graduation is a time to share your success with fellow students, family, friends, faculty and staff who have supported you during your academic journey. It is my honor to celebrate this wonderful accomplishment with you today. You have shown tremendous determination throughout your college career and I have no doubt the same commitment and perseverance will guide you toward future success. Graduates have a lot in common and there is one thing

that stands out, your desire to improve your life through education. You are joining an elite group, a family of Mohave Community College alumni who understand their success is also tied to the success of their community.

Congratulations 2023 graduates and I wish you all the best with all future endeavors! Go Bighorns!

Sincerely,
Dr. Stacy Klippenstein

*"Best wishes
for what is ahead
in the years to come"*

Message from
Dr. Julie Bare
MCC Board President

It is our pleasure to welcome you to the 52nd commencement ceremony for the 2023 graduates of Mohave Community College. Each trustee is elected from a separate district of Mohave County, and all five of us work together to support the mission of our institution: "Empowering students to succeed through innovative pathways and quality education."

Along with your families, friends, and educators who have guided you through the years, we are proud to share this special occasion and congratulate you! We share our best wishes for success with each of you in your future endeavors.

On behalf of the Board of Governors of MCC,
Julie Bare, EdD

2023 MCC Student Speaker
Ian Fleming
 Class of 2023

Ian Fleming has been selected as the 2023 Commencement Student Speaker for Mohave Community College. At MCC he has earned his Associate of Arts in Mathematics degree.

After MCC, he's planning to transfer to the University of Arizona and major in Aerospace Engineering. His career goal is to work in a diverse engineering team where he can couple his mathematical and engineering skills with flight and space exploration.

As student speaker he will share with his peers to follow their passions and provide words of encouragement as they move forward in their lives.

"The title of my speech is 'From Homelessness to Graduation,' which would not have been possible without God in my life," Fleming said. "I want everyone to know that it's never too late for a second chance in life."

As for being selected as student speaker he is "very grateful and excited" because of the hard work he has done to accomplish his goals. Coming to MCC, he was provided the opportunity to attain an affordable education, access to great instructors and other valuable resources during his academic journey.

Fleming said, after conversations with advisors and the financial aid team, he was

advised to sign up for classes because he was close to obtaining a degree due to previous college courses taken. He took the advice and decided it was one of the best decisions he made.

Fleming was also selected to be part of the 2023 All-Arizona Academic Team which provides him a tuition waiver to any Arizona public university. He was very excited and humbled to have received the award because without it he probably wouldn't have continued his education.

"It's exciting in the fact that I'm now able to continue my academic endeavors at an Arizona university and no longer held back due to monetary concerns," Fleming said. "I'm very grateful for the opportunity to be able to represent MCC in this capacity and I can continue in my higher education because of this scholarship."

Fleming is the first in his family to graduate from college. Being a first-generation graduate, he was provided the opportunity to mature and better understand the world. His career goal is to work as a flight engineer for a manned spacecraft for a private company or the government. He's a student leader by holding the role of President of Phi Theta Kappa-Alpha Chi Psi chapter, Vice President of the Chess Club and involved with Student Activities Council.

All-Arizona Academic Team Award Winners

2021 Team

Trina Fowler

Major: Registered Nursing
 Lake Havasu Campus

Fowler is pursuing a bachelor's degree at Northern Arizona University and eventually earn a Master of Science for Nurse Practitioner. Her career goal is to work in a medical office.

College Honors:
 Phi Theta Kappa

2022 Team

Brooke Prochaska

Major: Surgical Technology
 Lake Havasu Campus

Prochaska plans to join the workforce as a surgical technologist. She hopes to eventually go back to school to become a Surgical First Assist.

College Honors:
 Phi Theta Kappa

2022 Team

Brenda Carrillo

Major: Practical Nursing
 North Mohave Campus

Carrillo plans to pursue a Bachelor of Science in Nursing degree from Arizona State University. Her career goal is to become a nurse practitioner.

College Honors:
 PhiTheta Kappa

2022 Team

Adam Romano

Major: Fine Arts
 Lake Havasu Campus

Romano plans to pursue a bachelor's degree at Arizona State University in Fine Arts in Museum Studies. His career goal is to work as a curator for The Portland Art Museum.

College Honors:
 Phi Theta Kappa

2023 Team

Ian Fleming

Major: Mathematics
 Bullhead Campus

Fleming plans to transfer to the University of Arizona to study Aerospace Engineering. His career goal is to work in a diverse engineering team.

College Honors:
 Phi Theta Kappa

2023 Team

Jacquelyn Ann Mycek Romero

Major: Substance Abuse and Counseling, Online

Romero plans to join the workforce after graduation. Her career goal is to hold a leadership role at a local agency.

College Honors:
 Phi Theta Kappa

2023 Team

Justine Melendrez

Major: Dental Hygiene
 Bullhead Campus

Melendrez plans to join the workforce to work in a dental clinic to help her community. She plans to continue her education by earning her bachelor's degree.

College Honors:
 Phi Theta Kappa

2023 MCC Ellen Licari Service to Students Award Recipient Beth Hooven

Beth Hooven has been working at Mohave Community College since 2017. In the amount that she has been here, she has impacted the lives of many nursing students who have been through her classroom.

This year she has been selected as the 2023 Ellen Licari Service to Students Award. The award recognizes faculty and staff members who put students first.

"I feel honored that students recognized the value I bring to their nursing education and journey," Hooven said.

She enjoys being part of the nursing faculty because she gets to make learning fun, and see students grow their nursing knowledge and skills.

Hooven started at MCC when she heard about the clinical instructor position from an MCC employee. She ended up getting the position and has been impacting students in the nursing profession ever since.

Hooven said she loved being a clinical instructor but really wanted to teach in the classroom so she was motivated to get her master's degree in nursing education. Then in 2018 she became a full-time faculty and has been since then.

The excerpt below is from an MCC student who nominated Hooven for the Ellen Licari

Service to Students Award:

"There hasn't been a professor like her. She goes above and beyond in every way. She fosters a learning atmosphere and makes it easy for us to ask questions. I've grown and learned a lot with her teaching style as a nursing student and many critical thinking tips that will help me in my future career as a nurse. Professor Hooven has offered extra support, resources and feedback throughout the semester. I would love Professor Hooven to be recognized for the wonderful teacher and role model that she is to all her students. Besides being a professor, she dedicates her time being a club advisor for the nursing association club. She has not only served as a professor, mentor, club advisor but someone whose voice I will remember saying 'head to toe' which guided me through my hardest times of life yet and nursing school."

She earned her associate degree in nursing from Catonsville Community College, a bachelor's in nursing from the University of Maryland and her master's in nursing education from Western Governors University.

Hooven has lived in Lake Havasu City for seven years but is Baltimore, Maryland native. She is a mother, wife and a grandmother. During her free time, she enjoys yoga, reading, puzzles, playing games and spending time with her family.

2023 Kathy Hodel Most Outstanding Student Award Recipient Adam Romano

Adam Romano is described as tenacious, inquisitive, insightful and many other great words by his peers. Romano is the 2023 Kathy Hodel Most Outstanding Student Award Recipient.

Along with the honor of being this year's recipient, Romano will also receive \$10,000 cash to put toward anything he wants.

"Being selected as the 2023 Kathy Hodel winner feels absolutely fantastic my supportive wife said that she knew I would win but I had my doubts," Romano said. "I was stunned when I realized that I had won and when I gained my composure I felt humbled honored and quite happy."

Romano said there are so many deserving students attending MCC this year who could each have won this award because MCC's student body serves the community in so many different and diverse ways.

He will use the funds to help continue his education and help his growing family create a strong foundation. Winning the award also fuels his passion for education and service.

Kathy Hodel was known for her community service efforts and that's one of the criteria students who apply for the award need to meet. Romano put in countless hours of community service while attending MCC and he is often described as a great community leader.

"He's known by so many in and around the MCC community as an empathic leader a team builder and he is not afraid to get in there and do the work when necessary," said Dr. Maria Ayon, Dean of Student and Community Engagement Lake Havasu campus. "I'm so proud of Adam as he sees challenges as opportunities to make effective changes for the larger good."

When asked what community service means to him and how did he service his community, Romano said he services his community as an advocate for the arts and humanities, he supports innovative people and ideas, and connects people with the community.

Romano is graduating from MCC with an Associate of Arts in Fine Arts. He attended the college's Lake Havasu Campus, and after graduation he will transfer to Arizona State University to pursue a bachelor's degree in fine arts in museum studies. Romano also plans to obtain a master's degree in painting from the Pacific Northwest College of Art in Portland, OR.

During the 2021-2022 academic year, he was selected to be part of the All Arizona Academic Team which means he was awarded a full-tuition scholarship to any public university in Arizona. Romano was also named the 2022 Coca-Cola Academic Team Gold Scholar and received a \$1,500 scholarship.
