

June Weiss EdD, MSN, RN

Registered Nurse for 17 years

Information Security professional for 15 years prior to becoming a Nurse.

June found her passion for educating future Nurses when she began precepting Nursing students while working at the Children's Hospital Colorado. She worked part-time as a Clinical Instructor for most of the Colleges and Universities in Colorado as a first step to becoming a full-time educator.

In 2015 June and her husband relocated to Lake Havasu where you worked as the Director of Inpatient Services for Hospice of Havasu. In 2016 she was hired as full-time Faculty at Mohave Community College. It was here June's passion switched to higher education. She became the Director of Nursing programs in 2017. During that time, she worked to improve the quality of the programs being offered. Her team expanded course offerings to all campus locations and increased the overall enrollment.

In 2022 June accepted the Dean of Health and Public Services position. In this position she was able to create a cohesive team who collaborates to ensure students receive quality education through flexible program offerings. She has worked to improve the Credit for Prior Learning (CPL) offered at the College and creating High School pathways to the health professions, human services, and public safety programs offered.
