

STUDENT HOUSING

MOHAVE VILLAGE APARTMENTS

THINGS TO BRING

On-campus housing provides an excellent opportunity to participate in a unique, and important college experience - the apartment community. In this community you can learn about cultural differences, socialize with your peers, relax, celebrate, be a leader, and form friendships that last a lifetime. It is dynamic and exciting, and it can, at times, be a bit overwhelming - especially for the staff who are trying to help you make the most of this experience.

Students will spend a significant amount of time in their new apartment home and

they are expected to take care of this space. All apartment units are adequately furnished with the necessary furniture to live comfortably. A complete list will be included with your housing assignment.

All residents are responsible for maintaining and caring for the space they share. We recommend that you connect with your roommates as soon as you know who they are, don't bring more items than you need. A few general cleaning items will be available to check out from the Residence Life Office.
