Conducts its work under the auspices of the College President and within District policies and procedures.

Specifically serves the following purposes:

1. Evaluates and shares best practices using data to guide strategy and improvement.
2. Tracks strategic progress by reviewing outcomes and adjusting for institutional & community needs.
3. Strengthens alignment by coordinating efforts across departments toward shared goals.
4. Aligns funding with priorities by recommending resources for high-impact initiatives.
5. Reviews policies and procedures to ensure they support strategy and sustainability.
6. Promotes accountability and readiness by assessing outcomes and addressing barriers.
7. Advances institutional effectiveness by focusing on quality education, support, and environment.
8. Coordinates planning and resources in alignment with the College's budget process.
9. Supports transitions and partnerships by advising Cabinet on evaluation, alignment, and direction.
