**Student Activities Councils
Budget**

4.032

To finance the various projects undertaken by the student activities councils, an annual budget and student activity fee shall be approved by the Board of Governors.

Student Activities Funding

Student activity fees, which all students contribute to when they register for classes at MCC, largely support student life activities, events and programming at the College. The funds are managed by the Student Activities Council (SAC) on each campus.

The fee is provided to improve the co-curricular environment for students, encourage activities that will complement academic programs, provide students with opportunities for leadership and cooperative planning and encourage social and cultural interests. All expenditures have a common denominator – the money is used for the benefit of the MCC student body.

College clubs can approach the campus SAC for funds for activities and programs that support student life at the College. The SAC, under the supervision and guidance of the campus dean, will review the request and make a decision regarding available funds.

Date of Adoption: Adoption of Manual: July 2008
