<div align="center">ATbar Toolbar Extension</div>

ATbar is an open-source toolbar extension that allows for increased accessibility of websites. Some functions include text resizing, font and line spacing changes, and color overlays.

Steps for downloading extension

Step 1: Go to https://www.atbar.org

Step 2: Click on Download tab at top of page.

Step 3: Click on Download option for your browser. (Recommend Chrome)

Step 4: Click on the *add extension* to allow function on your computer

Step 5: Once download and installed, will see AT icon on the top right of browser window. Simply click once to activate. ATbar will work on MCC's website and in Schoology.
