

GUIDED PATHWAY

The following sequence is the suggested pathway to complete the degree in two years. This sequence is based on satisfaction of all basic skills requirements and prerequisites and presumes a fall start date. An individual's program may vary depending on transfer institution, career objectives, or individual needs. See your academic advisor for other options and to monitor your progress.

Program Name: Engineering, AS - Mechanical Focus

Program Student Learning Outcomes (SLOs):

1. Graduates will successfully transfer to engineering programs at four-year institutions. (1, 2, 3, 4, 5, 6)
2. Graduates will apply mathematical and physical principles to solve traditional engineering problems. (3)
3. Graduates will use technology to develop practical solutions to problems in science and engineering. (3, 6)
4. Graduates will communicate engineering concepts and procedures effectively. (2)
5. Graduates will understand the collaborative nature of the engineering profession and work effectively on projects as part of a group (2, 5)
