

Placement Exam

Welcome Students!

The MCC Placement Exam is utilized to accurately assess your skills for proper placement and success at Mohave Community College. MCC uses the Accuplacer placement exam to assess skills in Reading Comprehension, Sentence Skills, and Mathematics. The MCC Placement Exam is not a pass/fail exam. Rather, it gives a clearer picture of your skill sets in English and Math and guides in proper course placement to help provide you with the best opportunity for success at Mohave Community College.

Please visit Accuplacer.org for more information on the Accuplacer placement test as well as some great study resources including a study app that can be accessed FREE on your mobile device or home computer.
