

Refunds – Tuition and Fee Refund Policy for Credit Courses

If a student drops classes during that class's official add/drop period, the student may receive a refund of 100% of tuition and applicable fees paid to the college. This does not include any fees designated as "non-refundable."

All refunds will be refunded through <http://bankmobiledisbursements.com/refundchoicesid/>

Refunds are processed within two (2) weeks after the official add/drop period.

NOTE: Dropping a class can affect financial aid. If you have any questions regarding how to drop a class or would like to speak to an advisor about financial aid before dropping any classes, please contact MCC Connect.
